INDEX TO VOLUME 26

ORIGINAL ARTICLES

ABARBANEL, A. R. Percutaneous administration of testosterone propionate for dysmenorrhea, 765
Acromegaly, 229
  and diabetes mellitus, 1
ADAMS, E. Reaction to pituitrin and adrenalin of the myometrium of the domestic sow, 891
Addison's disease, 793
Adiposogenital dystrophy, 605
Adolescence of macaques, 667
Adrenal, cortex, and carbohydrate metabolism, 309
    carcinomata of, 396
    cell contents of, 895
  corticosterone and work capacity, 472
    cortin and glycogenolysis of rat liver, 97
  cortin and the Na factor, 871
    desoxycorticosterone, androgenic action of, 269
    and macrogenitosomia precox, 385
  cortical virilism, 941
  x-zone, effect of progesterone on, 1048
Adrenalectomy, and glucose, 631
  hypertrophy following, 886
  and ketosis produced by anterior pituitary extract, 900
  and work capacity, 472, 478
Adrenalin, blood levels in insulin shock, 641
  pituitrin and the myometrium, 891
Adrenals, andromimetic function of, 645
  Na factor, 871, 879
  refractoriness to the Na factor, 879
  and work capacity, 472, 478
ALBRIGHT, F. See Sturgis, S. H., 68
ALLEN, F. M. Comparison of different preparations of amorphous and zinc crystalline insulin, 208
Alopecia totalis, 433
ALPERT, B. See Feinblatt, H. M., 437
Androgenic action of desoxycorticosterone, 269
Androgens, activity of, biological indicators, 824
  and bitterling reaction, 534
  and chick ovaries, 508
  continued use of, 46
  and copulation, 511
  and estrogens, and bone composition, 61
    effect of applied to the rat penis, 1078
    tolerance of mice to, 54
  inhibition of testes, 516
  percutaneous, effectiveness of, 651
  and pregnancy, 833
  prospermin, 499
  testosterone propionate, effect of, 662
    effect on epiphyseal closure, sodium and chloride balance and sperm count, 377
    hypogonadism, 46
    and inhibition of lactation, 236
    and the male climacteric, 953
    and metabolism, 26
    mode of action on female genital tract, 259
    and muscle strength, 241
  • pellet administration, 449
    effect of on pregnancy and ova passage, 1081
  and social behavior of the black-crowned night heron, 837
  in treatment of dysmenorrhea, 765
  urolithiasis in the rat following injections of, 1087
  effect on uterus, 449
  and tubal contractions, 523
  urinary, assays of, 753
Andromimetic function of adrenals, 645
Antibodies and urine extracts, 577
Antigonadotropins, in blood serum, 369
  in normal human blood serum, 369
Assays, of androgens, 824
  biologic potency of International Standard Chorionic Gonadotrophin, 93
  estrogens, colorimetric estimation of, 914
  of gonadotropins, 1005
  of intermenstrual estrin, 609
  of lactogenic hormone, 716
  potency of commercial hormone preparations, 88
  of urinary androgens, 753
  of water retention principle of the pituitary, 153
Association notice, p. x, 172, 352, 1099
Autonomic control of thyroid secretion, 142

Babkin, B. P., O. Komarov and S. A. Komarov. Effect of activated ergosterol and of parathyroid hormone on gastric secretion in the dog, 703
Baboon, menstrual cycle of, 80
Baer, A. J. See Mellish, C. H., 273
Baker, A. B., and C. B. Craft. Bilateral localized lesions in the hypothalamus and complete destruction of the neurohypophysis in a pituitary dwarf with diabetes insipidus, 801
Bassler, A. Three cases of masked hypothyroidism having abdominal symptoms, 218
Baum, H. See Schwarz, H., 605
Bayer, L. M., and R. R. Newell. Assessment of skeletal development, 779
Beard, H. H., and E. J. Jacob. Creatine-creatinine metabolism and the hormones, 1064, 1069
Behavior, social, effect of testosterone on, 837
Beilly, J. S. Determination of pH of vaginal secretion as an index of ovarian activity in hypoovarian states, 959
Beilly, J. S., I. Kurland, M. Jacobi. Hormone excretion and bioassay of extirpated tumor in teratoma of the testis, 965
Beilly, J. S., and S. Solomon. Inhibition of lactation post-partum with testosterone propionate, 236
Benzidrine sulfate in obesity, 807
Bergman, A. J., J. Meites and C. W. Turner. Methods of assay of the lactogenic hormone, 716
Berkow, S. G., and M. B. Jacobson. Photoelectric plethysmography of the female breast, 986
Bernstein, P., and M. Feresten. Estrogenic effects upon tubal contractility and the vaginal secretion in the menopause, 946
Bevin, S. See Hoskins, R. G., 829
Biddulph, C., R. K. Meyer and L. G. Gumbreck. Influence of estriol, estradiol and progesterone on the secretion of gonadotropic hormones in parabiotic rats, 280
Bile production and the anterior pituitary, 821
Biskind, G. R. See Mark, J., 444
Bitterling reaction, 534
Blood, adrenalin levels in insulin shock, 641
picture in man and gonadotropin, 595
serum, antigonadotropins in, 369
sojourn of insulin in, 250
sugar, curves, insulin and diabetic blood plasma, 735
response to ingested glucose, 743
Bone composition and androgens and estrogens, 61
